

Melanie, lovingly known as Melzi or Melo, was born and raised in Northern rural KwaZulu-Natal. Growing up with a mum, uncles and aunts and a grandmother who spoke isiZulu fluently, she is herself a fluent speaker.

With English as her Mother Tongue, Melo can help you gain confidence in building your English-language skills if you are Zulu-speaking or your Zulu-language skills if you are English-speaking. She will help you with your conversational language, equipping you with the tools to improve your communications, for work or play.

On her first consultation with you, Melanie will establish what your level is and then she will take it from there.
